PROFESSIONAL SUMMARY

Passionate Computer Science student and Developer with a focus on building exceptional digital experiences. Specializing in competitive programming, web development, and software engineering. Demonstrated ability to turn complex ideas into elegant, scalable solutions through various academic and hackathon projects.

SKILLS

- **Programming Languages:** C++, Java, C#, Python, JavaScript
- **Web Technologies:** React, HTML/CSS, Firebase
- **Tools & Databases:** Git, MySQL, Visual Studio, VS Code, Eclipse
- **Core Competencies:** Object-Oriented Programming (OOP), Data Structures & Algorithms, Problem Solving, GUI Design
- **Languages:** English, Urdu

PROJECTS

Z Student Portal (React, Firebase)

- Developed a comprehensive student portal to automate academic tasks such as results management, homework tracking, and grade calculations.
- Integrated real-time data features using Firebase to enhance student engagement and access to information.
- Link: portal-numl.web.app

RFID Attendance System (JavaScript, RFID Hardware)

- Engineered a modern attendance tracking system utilizing RFID technology for educational institutions.
- Implemented real-time tracking and reporting features to streamline administrative processes.
- Link: rfid-numl.web.app

Library Management System (Java, Swing API)

- Built a robust desktop application for library management including book cataloging, member management, and borrowing cycles.
- Utilized Java Swing for the graphical user interface.

LEADERSHIP & ACHIEVEMENTS

1st Position, CosmoCon'25 Web Hackathon (PUCIT)

Dec 2025

- Led team "Full Stack Four Eyes" to victory in a competitive web development hackathon.

3rd Position, Surge UMT Hackathon (UMT)

2025

- Secured podium finish with team "Full Stack Four Eyes" demonstrating rapid prototyping skills.

Co-Lead (Competitive Programming), HackForge - NUML

2024

- Leading the competitive programming community, organizing practice sessions, and mentoring peers in algorithms and problem-solving.

EDUCATION

National University of Modern Languages (NUML)

Current

Bachelor of Science in Computer Science

- Active participant in university tech events.

APS College, Mangla Cantt

Completed

Intermediate - Computer Science
